## Committees Plan for Legion, K.C. Carnival In Antioch July 11-15

### Republican Rally to be Held On Carnival Grounds On July 15

Committees from various organizations connected with the American Legion Carnival met at the Legion home last evening and completed details for the annual event, July 11 to 15.

Sharing in the project this year for the first time is the Knights of Columbus which was organized three years ago.

Republicans at a meeting of the Antioch-Lake Villa Township Republican club held last night planned a get-together for July 15th, in connection with the American Legion-K.C. carnival.

Robert Milton, Lake county Central Committee chairman is making arrangements for a speaker for the occasion and free rides for kiddies and other attractions will make the get-together well attended.

Speakers at the meeting Wednesday night were Senator McClary and Representative Wm. Murphy. R. G. Holtz and Chas. Larson are co-chairmen for the Republican rally, and will choose their own committee. Pat Murphy and Bernard Osmond are publicity chairmen.

Also meeting with the committees was Herman Koenenman, sales representative of Thebault and Olson, Chicago, carnival supply company. Arthur H. Putka of Rockford will furnish five rides and John Rose of Elgin will furnish extra concessions. The rest of the concessions will be furnished by the American Legion, the Auxiliary, Knights of Columbus members and their wives.

The Legion committee comprises John L. Horan, chairman; Roman B. Vos, Dan H. Lightsey and John W. Horan; the Knights of Columbus committee, Walter T. Farrell, chairman; Francis A. Mitchell, Rudolph J. Eckert, and Melvin Umenhofer.

Members of the Auxiliary committee are Mrs. John L. Horan, Mrs. Burt Anderson, Mrs. Joseph Horton, and Mrs. V. J. Keeney.

The carnival will be held on the Ackerman property on Broadway just south of the village water tower.

Mrs. Warren Edwards was taken to Victory Memorial hospital Monday. She will undergo surgery Thursday.

## Aqua-Center Pool Inspected by State; Is Termed Finest Examined in Illinois

### Filtering Equipment to be Completed Within a Few Days

Antioch's new Aqua-Center swimming pool is the best ever inspected by the State Department of Health examiners, according to those who were at the site during the inspection.

"We have inspected larger pools," they said, "but this is the best job we have ever seen."

Several minor changes, most of which have already been made were recommended by the examiners. The pool committee has already obtained a license to operate the pool, but it is subject to periodic inspection by the Health Department to be certain that plans and specifications are being complied with during construction, and also that operating practices are good.

Filters to be Ready Monday  
The filtering tank, last major item in the circulating system, will be ready either Saturday or Monday, according to C. B. Hubbard of Halogen Supply Co., Chicago. The tank is at the Fort Wayne, Ind., plant of the Bowers Pump company, and will be picked up there by truck.

Irving Carey, plumbing contractor, said today that arrival of the filter early next week would insure opening of the pool by the July 1 date set. It was feared that the strike in the Bowers plant would hold up delivery and thus delay the opening of the pool.

Season Ticket Sale Good  
Season tickets, which went on sale last week, are selling at a good rate, according to those in charge. They remind all residents that the season tickets will be issued on a "first come first served" basis and that a limited number will be issued in order to avoid crowding the pool.

Experience at Clarendon Hills has shown that those who obtain tickets early are certain of receiving them.

## Home Is Destroyed—Loss? 'Twas Bird Nest

A home was destroyed at Channel Lake Saturday night but there was no monetary loss.

Antioch firemen were called to the Four Aces resort at 10:30 p. m., where they discovered the home of a pair of birds had short-circuited a neon sign, catching fire, and likewise destroyed the sign.

Firemen estimated the loss of the sign but, as was said, placed no loss on the nest.

The firemen were called to Grass Lake Friday afternoon where a grass fire back of Malek's store caught from a rubbish dump.

## Polley to Manage New Lions Swimming Pool; Seek July 1 Opening

Warren Polley, commercial teacher at Antioch Township High school has been appointed manager of the Aqua Center, the Lions Club Community Service Corp. swimming pool, which will open July 1, at Williams Park.

He will be assisted by Lawrence Leon, high school athletic director during the summertime task.

Polley said he has chosen Jack Gifford, Roger Lang, Catherine Arndt, and Gwendolyn Royer as life guards and will obtain another guard later.

Lang and the Misses Arndt and Royer, together with 4 other local young people, Donald Cardiff, Richard Hogan, Carole Hansen, and Maureen Smith qualified for their Red Cross Life Saving certificate. The latter four will serve as substitute guards.

Joan Larson who transported the students to the Artemis pool for training qualified for Red Cross instructor's aide.

Only the apron of the wading pool remains to be poured, the bath house, painted, and equipment installed.

## Former Antioch Merchant Dies in Evanston, Ill.

Ralph Visk, former owner of the Klass Men's store in Antioch, died Friday at an Evanston hospital. Death was the result of a heart ailment of short duration. Private funeral services were held in Evanston Monday. Mr. Visk was proprietor of the local store for several years.

Mr. and Mrs. William L. Strahan of First st., attended a convention of the Investors Diversified services held at French Lick, Ind., on Friday and Saturday. They returned home Sunday evening.

## No Fatalities in Local Traffic Accidents But County Reports Two

Deaths through traffic accidents in Lake county reached 45 Sunday and is far ahead of the number at the same time in previous years. None of the accidents in the Antioch area was fatal this past week, but the county reported two, one a child run over by his father.

The Antioch Rescue squad gave aid Sunday to persons injured in a two car collision at Beck and Loon Lake rds. south of the village. Seven persons were hurt when the cars of Alex J. Drinka, 45, of 1117 Lincoln st., North Chicago, and Laverne Johnson, 33 of Chicago collided.

Johnson suffered fractured ribs and knee cuts and his wife, Dorothy, 31, leg cuts; Robert Redmond, 30, of Chicago, knee cuts and his daughter, Karen, 4, bruises.

In the Drinka car, the driver, Drinka, suffered elbow and knee injuries; John Dolence, 39, North Chicago, left elbow, forehead, and nose injuries; Frank Sisola, 36, North Chicago, knee and side injuries.

Sisolak and Drinka said they would consult their own doctors, and the other five were taken to Condell Memorial hospital.

A Channel Lake resident, Roland Lee Howen, was hurt when his car and the car of Frank Smika, Cicero, collided on Rte. 21 at the State Line at 5 p. m. Saturday.

Mrs. Pearl Smika, 46, suffered leg bruises, and Victor Busch, 30, Salem, Wis., bruises about the head and shoulders. Howen was said to have turned into a gas station in front of the other car, and was arrested for reckless driving.

The child, who was run over by his father, was Kim Louis, 15 month old son of Louis Pieroni, a truck company owner residing at Ivanhoe, who was putting his car in the garage when the youngster ran in front of it and was struck.

Robert F. Schranz, 21, died early Monday at an Evanston hospital from injuries received Sunday when his car got out of control on Rte. 59A near Rte. 83.

## William Lee Edwards, 80, Dies After Brief Illness

William Lee Edwards, 80, 257 Ida Avenue, died Monday, June 18 at 6:30 a.m. following a brief illness. He was born February 19, 1876 at Wadsworth. He moved to Chicago as a young man, while there worked as a shipping clerk. Upon his retirement in 1929 he moved to Antioch Township, where he operated a chicken farm on Rte. 173, afterward moving to Antioch. Village nine years ago. May 4th, 1895 he was united in marriage with Miss Sophie Dornbusch. They celebrated sixty-one years of married life.

Survivors are his wife Sophie, a son Richard A. of Chicago, a daughter Mrs. Winnie Pullen of Antioch, six grand children and ten great grand children. He was preceded in death by a son Warren four years ago.

Funeral services were held at 1:30 today (Thurs.) at the Strang Funeral Home. The Rev. Edmond Hood officiated. Interment was in Mt. Rest cemetery, Newport Township.

## Wisconsin Men Given Heavy Penalties Here

Two Wisconsin men who escaped from Police Chief Walter I. Scott who arrested them for traffic violations paid heavy fines here and in Waukegan.

Cletus J. Seltz, 21, Paddock Lake, Wis., was fined by Justice of the Peace Richard B. Seyfarth \$25 and costs for disorderly conduct and \$50 and costs for reckless driving. His companion, Paul E. Runge, of Kenosha, was fined \$45 and costs for disorderly conduct.

The two also were brought into court at Waukegan by sheriff's deputies who captured them after their escape from Chief Scott, and received heavy fines.

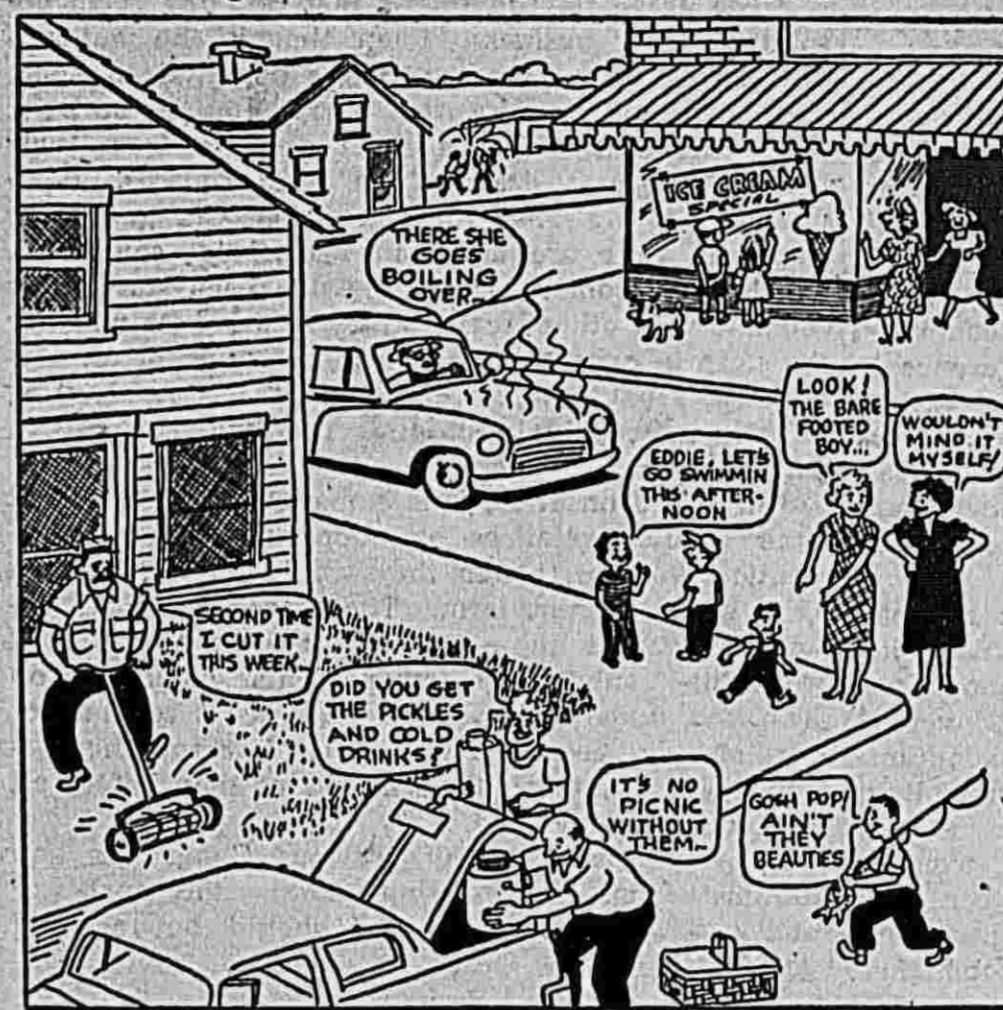

The friend of the two who damaged the Antioch Squad car has not yet been apprehended.

The local police have notified the gang of Wisconsin boys to stay out of Antioch if they are bent on mischief, or merely want to drive up and down the streets.

## Delayed Emmons Bidding

Scheduled to open bids last Monday, the Emmons school board delayed for one week the acceptance of bids for the new addition when it was learned that the plans and specifications were not ready at the time planned. Bids are to be submitted Monday on the basis of data prepared by the Waukegan architectural firm of Ekstrand, Schad and West. Voters of the school voted last September to issue a total sum of \$75,000 in bonds for the additional building and grounds.

### A Train of Cars on Tracks

To the uninitiated eye, a railroad freight train of today looks just about the same as one of a quarter-century or so ago. Similar cars are rolling over similar road-beds.

But there's a world of difference in the quality and efficiency of present-day equipment as compared with that of the past—and a world of difference in the amount of work it gets done.

From the standpoint of traffic, the prewar peak year was 1929 and the postwar peak year was 1955. In the latter year, the railroads had a smaller plant than in the former. Yet far more railroad service was produced.

This was the result, in the words of a railroad spokesman, of "almost innumerable technical innovations and improvements." Those innovations and improvements have touched everything involved in railroading—rails, cross-ties, signaling, communications, yards and terminals, motive power and rolling stock.

Since 1929, this spokesman said, the average speed of freight trains has increased 41 per cent, the average freight train load has risen 71 per cent, and the combined effect of heavier loads moved at higher speeds has raised by 139 per cent the hourly output of transportation by the average freight train.

What of the future? We will have still better trains performing still more service. But one thing won't change. To quote the spokesman once more: "The essential principle of the train of cars on tracks will remain as the foundation of our continental commerce."

\* \* \*

### Double Standard

It has long been illegal for corporations to make contributions to candidates for political office. This legal restriction, obviously, is based on the theory that corporations otherwise would use their economic power to effect men who would serve special interests.

Whether or not such laws are wise is debatable. What is not debatable, however, is that similar restrictions do not apply to organizations which also have great economic power—the unions.

The head of a major union, the International Ladies' Garment Workers, has said that his union will have more than \$500 thousand available for contributions to candidates in this year's national election campaigns. He said also that the combined AFL-CIO political fund may reach \$3 million.

What conceivable justification can there be in forbidding corporations from financing political candidates—and at the same time permitting powerful unions to spend money on a huge scale for political purposes and political ends?

### Just a Matter of Time

Once again various proposals are being made for extending the coverage of the Fair Labor Standards Act (which includes the federal wage-hour laws) to retailing and other service trades which have been exempted by Congress after Congress ever since the Act came into being.

One proposal would continue to exempt smaller retailers—those with annual volume under \$500 thousand and fewer than four stores—while covering all others.

The grave flaw in this is that retailing is an absolutely local business. Even though the automobile has increased the consumer's potential shopping area, consumers make the overwhelming bulk of their purchases within a short distance from their homes. Labor is drawn from local sources. Business and living costs for store operators and store employees alike are determined by local conditions, which vary from region to region. Each store must compete with other local stores. This is true whether the store in question is a family operation or an outlet of a great national chain. Size has no bearing on the inescapable fact that retailing is local in nature.

In this connection, it is a matter of interest that some smaller retailers are opposing the proposal mentioned—even though they would not be affected by it in its current form. The reason for their opposition is that these retailers realize that in all probability subsequent amendments would bring them, too, under federal control. Once a segment of any industry becomes a subject for bureaucratic regulation, it is usually only a matter of time before all the industry is included.

The precedent set by previous Congresses and Administrations—representing both the political parties—was a wise one, and should be followed again.

\* \* \*

### Grassroots Opinion

WASHINGTON, IOWA, EVENING JOURNAL: "Farmers are unhappy, yes, but not rabidly indignant as some politicians have tried to make out. It was predicted by many that a political volcano would erupt if President Eisenhower vetoed the farm bill. He did, and the eruption didn't happen. Farmers, by the very nature of their business, are accustomed to the ups and downs of weather conditions and markets. They are taking the present situation in stride."

GAINESVILLE, TEXAS, DAILY REGISTER: "If we are to continue to maintain the balance between the states and federal government that has made possible the development of our country and the protection of our individual rights, the authority and rights of the various states must be preserved and the trend of ever increasing power of the federal government must be reversed."

DOVER, DEL., STATE NEWS: "The misbehavior of some of our American young men—especially in their contacts with people who are not natives of this country—has always been a mystery to us. . . . It seems strange in our democracy—where we have always emphasized human rights—that we do not show greater respect for the rights of others."

CLAREMONT, MINN., NEWS: "The blacksmith has not been eliminated. He has just changed his name and is now called a mechanic and there are far more of them . . . than there ever were."

The one hundred and seventeenth session of the Rock River Annual Conference will begin Monday, June 18, at DeKalb, Illinois.

Our church will be represented by its ministerial delegate Rev. Robinson and its Lay delegate Mr. B. J. Hooper.

Conference lecturer will be Rev. Harold A. Bosley, pastor of First Church, Evanston.

Sunday 8:30 a.m. Service of Worship.  
June 24—9:45 a. m., Classes for all ages; 11 a. m., Service of Worship.

7:00 p.m. Showing of the movie "What Happened to Jo?" to all the Senior Fellowship at the Church.  
June 18, Monday 7:00 p.m. Senior Choir rehearsal.

June 19, Tuesday 2:00 p.m. Junior Fellowship will leave church to go swimming at the pool of Mr. Reimer, Grayslake.

Mrs. Peterson, Mrs. Fath and Mrs. Blumenschein will provide transportation.

If you have flowers in your garden and would like to place them on the altar, please contact Mrs. Ernest Nielsen, Elliott 6-6757.

There will be a potluck birthday luncheon Wednesday at 12:00 given by the W.S.C. ladies. Mrs. James Connel is in charge.

The Lake Villa Woman's club will have a bake sale Saturday, June 23 at 10:00 a.m. at Huckers garage. Mr. and Mrs. Kenneth McCord and daughter left for a trip in the west.

Mrs. Lulu Nelson and William Nelson left this morning for Laurenceville where Mrs. Nelson will return to the Methodist Rest home.

Mr. and Mrs. Emmet Elvey are spending two weeks in Georgia.

Mrs. Ollie Walker's brother Harvey Martinson and a friend from Ohio spent a day visiting the Walker family.

Carl Bart of Minot spent the week end with his son James Bart and wife on Grand Ave.

Prince of Peace Parish of Lake Villa have four Masses every Sunday at the school gym. At 8:00, 9:00, 10:00 and 11:00 a.m.

Mr. and Mrs. Lester Hamlin attended the graduation for their son Bob Hamlin at St. Bede Academy at Peru, Illinois.

Mr. and Mrs. Frank Gedman drove to McDonald, Penn.

Miss Joann Gerber of Lake Villa and Victor Young of Tennessee were united in marriage last Thursday. They are residing in Fox Lake.

### Vacationers Should Make Preparations Before Taking Off

Hasty departure by vacationists, who fail to leave their household in order, can frequently result in sorrowful complications, the Chicago Motor Club points out.

The Motor Club says that you can eliminate a lot of worry on your vacation if you remember to take the following precautions:

1. Temporarily stop milk delivery.
2. Stop your favorite newspaper, and notify the circulation manager if you wish to have it delivered at your vacation spot.
3. Shut off utilities, such as water, gas and electricity.
4. Discontinue telephone, laundry and other services. Make arrangements to have a friend or neighbor check your mail box periodically so that mail won't accumulate.

5. Provide for your dog, cat, canary and other pets.

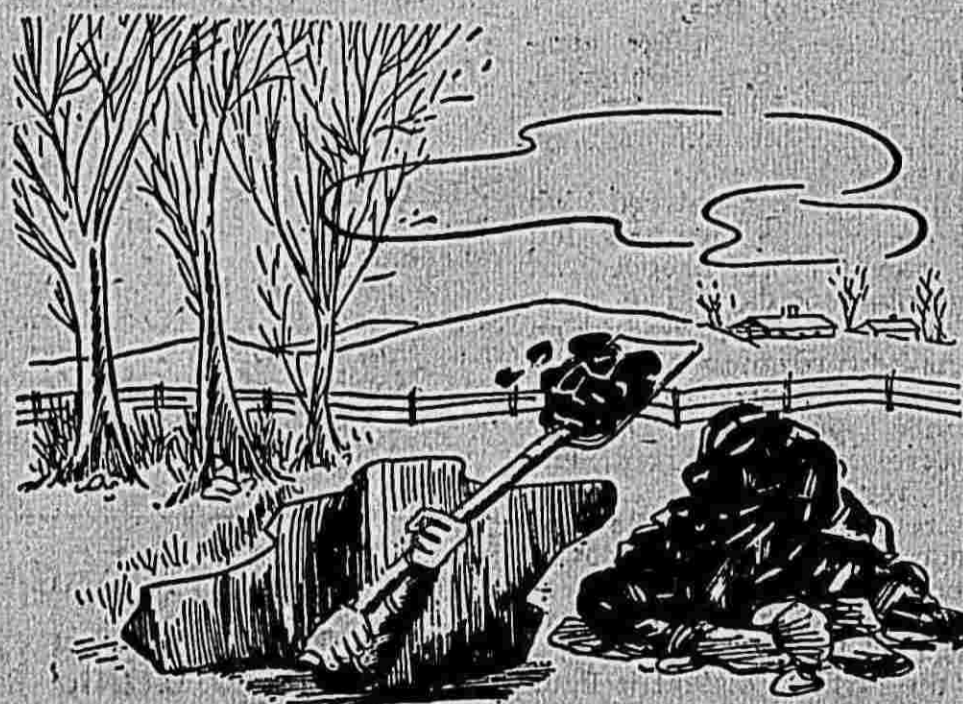

6. Arrange to have someone care for your garden and lawn.

7. Discourage prowlers by securing all doors and windows.

8. Notify police and neighbors of your trip so that they will keep a watch on your home.

9. Give a relative or neighbor the itinerary of your trip so that you may be reached in the event of an emergency.

To insure a pleasant and safe vacation trip, have your car checked over by a competent mechanic before starting on your trip, the Club said. Some things to remember are:

### A CHECKING ACCOUNT

saves a lot of digging  
at income tax time.

Open One!

THE FIRST NATIONAL BANK

Antioch, Illinois

To use our Drive-up Window, located on Lake st., where special 5-minute parking zone is provided for your convenience.

1. Make sure your tires are capable of withstanding the trip.
2. Take along emergency needs such as spare tire, tool set, tire jack, wrench, pliers, hammer, flares and flashlight.

3. Check lubrication, wheel bearings, alignment, steering mechanism, transmission and differential.

4. Be sure your car is covered by insurance—fire, theft, collision and liability. Be sure you have your identification cards and driver's license in your billfold.

For a more enjoyable trip, the Motor Club suggests you plan your trip before taking to the road. Get accommodations early. List the points of interest you intend to visit, and obtain the necessary maps and other road information.

Among the personal items which come in handy are a vacuum bottle for drinking water, camera and film, sun glasses and a first aid kit.

Mr. and Mrs. Oren Hostetter and family left Antioch last week for a visit with relatives in California and Arizona.

## Miss Nancy Evans Recent Bride of D. L. Seckbauer

Miss Nancy Mae Evans, daughter of Mr. and Mrs. Edward Evans of Salem, became the bride of Donald Lee Seckbauer, of Aniwa, Wisconsin in a ceremony performed by the Rev. Robert Smith at 4 p. m. at the Salem Methodist Church, Saturday.

The bride given in marriage by her father chose for her wedding a chantilly lace over satin gown her English illusion veil was held in place by a crown of seed pearls. She carried a cascade bouquet of white orchids and carnations.

Mrs. Leonard Scanlon, Salem, was matron of honor and Miss Kathryn Hasburgh, Highland, Wis., and Mrs. Joseph Yuknis, Slades Corners, were bridesmaids. Kay Feldkamp served as flower girl.

The attendants wore gowns of skyblue nylon net with pleated bodice and ruffled, tiered skirts, their matching headpiece held nose veils, pink and white carnations were their flowers.

The groom's cousin, Lloyd Seckbauer was best man. Richard Seipel and James Trier were ushers. Chester Kirk was soloist accompanied at the organ by Lesly Mandernack.

A reception for five hundred guests was held following the ceremony at the Salem Central high school.

Both the bride and groom are graduates of Wisconsin State College at Whitewater. The bride is a member of Theta Sigma Upsilon social sorority and Kappa Delta Pi honorary sorority. The groom belonged to Sigma Tau Gamma social fraternity. After a wedding trip in Door county they will make their home in Northern Wisconsin, where they both plan to teach school.

## Ronald Arndt Visits Parents Before Induction

Ronald Arndt is visiting his parents, Mr. and Mrs. Harry Arndt, Orchard lane, Lake Catherine, before reporting for army induction, July 6. He was given leave from his passenger service duties with the Scandinavian Airlines at New York, where he serves as a Finnish interpreter.

Arndt spent from April 18 to May 8 vacationing in Finland, making stops on his air trip at Glasgow, Scotland, and Copenhagen before arriving at Helsinki. There he visited relatives, and although he is a third generation American he is the first of his family to return to Finland.

He has memory of excellent restaurant service in Finland and the steam baths with wall temperatures sometimes at 212 degrees. He found clothing and food prices about the same there although shoes were cheaper and so was housing.

Miss Joan Crawford, former teacher in the Antioch Grade school, who has been teaching third grade for the United States Air Force at Nagoya, Japan, during the past school year, arrived home recently for a six week vacation and visit with her parents, Mr. and Mrs. George G. Crawford, 1414 N. Jackson st., Waukegan.

Miss Lila Warren of Kansas City, Mo., who has been the guest of Miss Mary Shepard and family for the past three weeks returned home Monday. Mary and Walter Shepard accompanied her to Springfield, where they were guests of Harold Olson and family, returning home Wednesday.

## Parents of Sons

Mr. and Mrs. Harold Walsh of Antioch are the parents of a son, born Saturday at Victory Memorial hospital.

Mr. and Mrs. William Ziegler of Lake Villa are the parents of a son born at Victory Memorial hospital, Waukegan, Saturday.

Nils Rosquist and daughter Judy Lee, of Antioch are spending two months vacationing in Sweden. They were greeted by Ronnie Arndt, passenger agent for Scandinavian Airlines, in New York. Ronnie is the son of Mr. and Mrs. Harry Arndt of Lake Catherine.

## ANNOUNCE ENGAGEMENT OF DAUGHTER

Mr. and Mrs. Warren Edwards have announced the engagement of their daughter Ella Mae, to Mr. Robert E. McDonald, son of Mrs. Faye McDonald of Cross Lake. The wedding date is set for June 30.

## Engagement Announced

Mr. and Mrs. Irvin Pedersen of Petite Lake Highlands, Lake Villa, announce the engagement of their daughter Gail Ann to James Fields, son of Mrs. J. B. Fields of Antioch. They will be married September 4.

Leslie Fischer of Des Moines, Iowa, was an over night guest on Saturday of his daughter, Mrs. Robert Hughes and family. Mrs. Hughes and daughter Robin, accompanied Mr. Fischer to his home for a visit Monday.

Laura, the small daughter of Mr. and Mrs. Everett Oftedahl, returned home Monday after undergoing surgery at Augustana hospital a week ago.

## Baptist Daily Bible School to Close Sunday

On Sunday evening, June 24 at 7 o'clock the boys and girls that have been attending Daily Vacation Bible School at the Baptist Church of Round Lake Beach, Cedar Lake road and Highland terrace will take part in a special closing exercise, all the parents are invited to attend and see what has been accomplished by the boys and girls in the line of Bible study and handwork. The average daily attendance for the first week was 135. Needless to say the teachers and helpers had their hands full but have enjoyed the opportunity of reaching these youngsters and instilling the Word and Love of God in their young lives.

It was erroneously reported last week that the Junior Youth Program would be discontinued during the summer months. The Junior Youth will not meet this Friday evening because of Daily Vacation Bible School but will meet at 7:00 p. m. July 6 for the regular evening of recreation and devotion, and every other Friday evening after that unless announced.

On July 1 the Baptist Bible Church will have as guests at their Sunday services the Charles Burton family, formerly of Grayslake, and now living and working in Iowa establishing new Sunday Schools in the rural areas. Former friends will be glad for the opportunity of renewing their friendship with the family at these services.

Our condolences to the family of Mr. Joseph Steele who passed away last Wednesday evening after suffering a heart attack a few weeks before. Rev. William Franks conducted the funeral services Saturday, June 16.

## BAPTIST BIBLE CHURCH LADIES PLAN PICNIC JULY 6

The ladies of the Round Lake Beach Baptist Bible church are meeting for a picnic on the lake front July 6. Mrs. George Owen will be the hostess. Further announcements will be made.

For those who had their radios tuned to WGN's program "Unshackled" recently a pleasant and interesting surprise was in store for them to hear the story behind the conversion of Harry Blair of Lake Villa and Chicago, especially those who have made the acquaintance of Mr. Blair at the church and through his generous donations to the Baptist Bible Church.

"Bon Voyage and a safe return" have been extended to Mrs. E. Blair and Mrs. Elsie Heuer of Lake Villa, as they departed on an extended trip to Ireland to visit relatives.

Prayers and wishes for a speedy recovery are extended to Joseph Steele of Lake Villa, member of the Baptist Bible Church and friend to many, who suffered a heart attack recently. The last time Mr. Steele took an active part at the church was at the Mother and Daughter banquet. He was the elderly gentleman who "waited on tables." Cards with get well wishes would be appreciated. Send them to Joseph Steele, Box 174, Lake Villa, Ill.

**Dittmer Graduates at N. U.**  
Richard E. Dittmer of Grass Lake received the degree of bachelor of science in education at the graduation exercises of Northwestern University Monday. The university awarded 2,749 degrees and diplomas at its 98th annual commencement in McGaw Memorial hall. Harlan H. Thatcher president of the university of Michigan delivered the address.

Richard's parents, Mr. and Mrs. Fred Dittmer and daughter, Donna and son Jerry attended the commencement. They also attended open house at the home of Dr. and Mrs. Swanson of McHenry, whose son Charles was among the graduates.

**PARENTS OF DAUGHTER**  
Mr. and Mrs. Leonard Roblin are the parents of a daughter born June 16 at Victory Memorial hospital. The Roblins have a seven-year-old son Frank.

Mrs. Howard Gaston and daughter, Jill, Mrs. H. E. Shepard and Mrs. H. B. Gaston attended a miscellaneous bridal shower for Miss Judi Gaston at the home of Mrs. John Hoffman at Wheeling, Friday evening.

Mr. and Mrs. John Walter, Jr., plan to return to Marathon, Florida, Friday, after spending the past three weeks visiting in Antioch with Mrs. Walter's mother, Mrs. Lillian Rothers and Mr. and Mrs. Lester Osmond and family.

H. E. Shepard, Ed Cranley, Howard Gaston and Burt Anderson returned Sunday after spending three weeks in Canada.

Ronald Flattum, chemical engineer, a graduate of Iowa State college, is employed by the Pure Oil Company, at Crystal Lake.

Mr. and Mrs. James Walker and children of Roseville, Michigan, are spending two weeks with Mrs. Walker's parents, Mr. and Mrs. A. G. Hughes.

The Emil Hallwas family attended a family reunion of the Hallwas family held at Kankakee County park near Kankakee on Sunday.

## Thomas Moorman New Church School Supt. At Methodist Church

The Methodist Church of Antioch, will have two services of worship each Sunday beginning this Sunday, June 24th. The time of the services is as follows:

First Service of Worship 9:30 a.m.  
Church School 9:30 a.m.  
Second Service of Worship 11:00 a.m.

The Reverend Howard Benson, pastor of the church, will lead in worship and preach at both services. Mr. Thomas Moorman is the new General Superintendent of the Church School, replacing Mr. Hurdus Saltzman, who has moved to California.

All persons who are not a part of a worshipping congregation in this community are invited to come.

## ATWOOD-PRESTON ENGAGEMENT ANNOUNCED

The engagement of Miss Evelyn Loraine Preston, daughter of Mr. and Mrs. Edwin L. Preston of Westchester, formerly of River Forest, to Mr. Thomas Warren Atwood, son of Mr. and Mrs. Charles A. Atwood of Channel Lake has been announced.

Miss Preston attended Oak Park-River Forest High School and is currently employed by an insurance firm in River Forest. Mr. Atwood attended the University of Illinois.

## WOMAN'S CLUB BOARD HOLDS FIRST MEETING

The new board of the Antioch Woman's Club held its first meeting at the home of the president, Mrs. Clarence Spiering on Monday afternoon with 15 present.

It was announced that the Elmhurst Music Camp had been chosen for the high school students which were awarded music scholarships by the club.

Space was granted to the Garden Section in the club yearbook for publishing its schedule and it was decided to discontinue the playing of cards at the closing meeting in the spring due to lack of time.

All those present reported from their departments before the meeting was adjourned.

Warren Polley and Laurence Leon, who will serve as manager and assistant manager of the new Lions swimming pool, attended a swimming pool operators meeting sponsored by the State Department of Health at the V. F. W. home in Elmhurst Monday. They also visited the pools at Palatine and Clarendon Hills and found them both quite busy.

Richard Raether, son of Mr. and Mrs. O. L. Raether of State Line rd., is home after completing a term in the U. S. Army. He spent the last year and a half at Erlangen, Germany. He plans to farm with his father.

Mrs. Charles Plett, who has been visiting her parents, Mr. and Mrs. O. L. Raether of State Line rd., will accompany her husband this week in moving from DesPlaines to Liberal, Kansas.

Mr. and Mrs. Charles Rigby and infant daughter, Susan, of Champaign, are visitors in the home of Mr. Rigby's mother, Mrs. C. F. Harden.

Mrs. Arthur M. Hawkins who has been in Victory Memorial hospital, Waukegan for the last three weeks, is showing gradual improvement.

## Lake Villa's Library Gets Fine Book Gifts

Librarian Mrs. Lois Kerr announces that the Lake Villa Township library has received several fine new books as gifts from Mr. and Mrs. Don Cullimore, Mr. and Mrs. A. C. Wessels, Mrs. Wesley Hayes, Mrs. Albert Mohr, Charles Wullenbacher, and Mary DeSart.

Financial support for the summer reading program starting June 16 has been given to the Library by the Lake Villa Woman's Club and the Lake Villa PTA.

Mrs. Kerr also gives some figures to show the progressively excellent use to which Lake Villa Township residents are putting their library. In 1953, the library owned 2,093 books, had 366 borrowers, with a circulation of 3,009. At the end of the last fiscal year, the library owned 3427 books, had 1,163 different borrowers, with a circulation figure of 10,639.

The Lake Villa Township Library offers a varied program for summer reading. Assistance is being given by the Lake Villa Woman's Club and the Lake Villa PTA.

"Library Indians," a story group for kindergartners to fourth graders, will meet each Saturday morning from 10:30 to 11:30 A. M. The first meeting is scheduled for June 16. The children will be given Indian headbands at the first meeting; attendance feathers will be given for each session they attend.

The "Library Hounds" program is planned for older children. Each child who reads and reports on eight books will be given a very "doggy" reward.

Several new books of interest for both junior and adult readers are available. The public is invited to visit and browse in your library.

## Car Sticker Penalty July 1

Village Clerk Clarence Shults warned today that the time is drawing near when there will be a \$2 penalty for not having a village vehicle sticker. The license from May to June 30 is \$5 —on July 1 and thereafter \$7.

## To Visit Moose Lodge

Earle W. Horton, director of the membership conservation department, will represent the general office of the Loyal Order of Moose, Mooseheart, Ill., at the meeting of the Antioch lodge next Wednesday. Horton, a native of Aurora, Ill., started in the Junior Order and rose to governor of the Aurora lodge. Advanced recognitions were Fellowship degree, and Pilgrim Degree of Merit.

## Teen-Agers League June 18

High team series went to the Wild Cats, who bowled 499-505-505 total—1509.

Bill Carney was high individual scorer, with games of 171-150-172—total 493.

The Four Diamonds won two games from the Bombers. Galloping Ghosts won two from the Four Aces.

Four Lovers won two games from the Four Roses.

The Hot Shots won two games from the Wild Cats.

The Four Bunions beat the Alley Cats all three games.

## Governor Appoints New State Historian

Governor William G. Stratton has announced the appointment of Clyde C. Walton, Jr., of Iowa City, Iowa, as Illinois State Historian. He will assume the post September 1, succeeding Dr. Harry E. Pratt, who died February 12. In the meantime the library will continue to be directed by Acting State Historian Marion D. Pratt, widow of Dr. Pratt, who is, as was her late husband, an authority on Abraham Lincoln.

Walton, a graduate of Cornell College, Mt. Vernon, Iowa, and of the University of Chicago, has been associated with the University of Iowa Library since 1950.

## Card of Thanks

We wish to thank our many friends and neighbors for their kindness and sympathy shown during our recent bereavement, in the loss of our son and brother, Lonnie Crawford.

The Roy Crawford Family.

## LEGAL ADJUDICATION AND CLAIM DAY NOTICE

NOTICE IS HEREBY GIVEN to all persons that the first Monday of August, 1956, is the claim date in the estate of FRANCES L. OLIVER, Deceased pending in the Probate Court of Lake County, Illinois, and that claims may be filed against the said estate on or before said date without issuance of summons. All claims filed against said estate on or before said date and not contested, will be adjudicated on the first Tuesday after the first Monday of the next succeeding month at 10 A. M.

**First House in Sabrina Manor**  
The first house in the new Sabrina Manor subdivision south of the village is being erected on Hawthorn lane by Louis Tanner, one of the members of the firm developing the new residential area entered on Rte. 59.

The firm is now in the process of building streets, graveled according to county specifications. There are at present 38 parcels ranging in size from three-fourths acre up to two acres, according to Elmer Rentner, member of the firm. The entire subdivision has 57 acres.

## Ticket Sales Good

Ticket sales are lively for the Antioch Firemen's dance which will be held Saturday evening, June 30, at the fire station and rescue squad

garage. King Jaros' orchestra has been obtained for the occasion and the firemen promise the public a good time.

**Layden Lovelace at Corpus Christi**  
USNAS Corpus Christi, Texas, fireman apprentice, USN, son of Mr. and Mrs. Victor Lovelace of Antioch, Ill., reported here June 4 from the U. S. Naval Training Center, Great Lakes, Ill.

Following a two-week period of indoctrination to the Naval Air Station, Lovelace will be assigned to a department where he will receive on-the-job training to become a Navy specialist in his field of work.

Before joining the Navy in March 1956, he attended Necedah High School, Necedah, Wis.

## Navy Exhibit Presents Dangers of Popular Sport of Skin Diving

With the growing popularity of sport diving or "skin-diving," the need for familiarizing amateurs with underwater problems is essential to avoid unnecessary accidents, disability and death, experts say.

Accordingly, the Experimental Diving Unit, Bureau of Medicine and Surgery, Department of the Navy has installed a temporary exhibit in Chicago's Museum of Science and Industry covering the important problems.

While the Navy is primarily concerned with safety measures and the scope of military diving, the findings of its long experience and active research are equally applicable to sport diving. It is estimated that this sport has now over a million enthusiasts and 300 clubs. Last year sport divers purchased 60 million dollars worth of equipment.

The Navy exhibit lists the requirements for safety in all types of diving activities as swimming ability, proper diving techniques with suitable equipment, adherence to safety measures and a knowledge of emergency procedures.

Almost any diving mishap may end in drowning, the exhibit points out, if the diver is not trained to handle emergencies without panic. Prevention comes from sound training, good equipment and safe practices and it is vital that sport divers know how to give artificial respiration, preferably the back-pressure-arm-lift method.

Air embolism is another diving hazard which can occur when making emergency ascents when the panicky diver may hold his breath in his anxiety to get to the surface. In this case the air in his lungs expands, the lungs become distended and may even rupture, air is forced into the bloodstream and the resulting bubbles of air cause an emboli which can be fatal. Prompt recompression is the only effective treatment and a recompression chamber is essential.

Decompression sickness, more commonly known as the "bends," may result from dives too deep or too long without adequate decompression steps on the ascent. This is caused by nitrogen which dissolves in the blood and tissues at depth. On ascent it will form bubbles in the blood stream unless allowed to escape gradually through the lungs by carefully adhering to decompression tables—that is by regulating the return to the surface by degrees. Symptoms of the "bends" may vary from local pain to paralysis, blindness, unconsciousness and death.

Although these problems are basically concerned with diving at greater depths than most "skin-divers" attempt, there are related problems even in the shallower waters where the sport is popular.

## Davis Van Skike Wins Crow Shoot With 29

The State Department of Conservation prize of 25 pheasants to be released on his grounds this fall, was won by Davis Van Skike of Antioch, with 29 crows in the "daylight until dark" Sixteenth Annual Shoot of the Lake County Crow Club on June 2, referee Daniel Riley McMaster (Lake Bluff) announces. Second was venerable Luschia Hoffman, Morton Grove, with 27; Ervin Hepper, Glenview and Ralph Tucker, Des Plaines, being tied for third prize with 17 each. Killing from 10 to 14 each were John Frederickson, Lake Forest, Ernie Schmenek, Albert Gallert, George Schlender and Frank L. Suggs, Jr., of Chicago, Chas. S. Adams and Chas. S. Adams, Jr., of Evanston, Chuck Terry of Richmond Game Fields and Richard Meyer (novice winner) of Antioch. (Total Kill - 256). Hunters desiring to compete in two more shoots for 10 prizes, should contact Bruce K. Thomas, at Vernon (Glencoe).

### On Honor Roll

The second semester honor roll at Northern Illinois State College included 492 undergraduate students. Among them was Bruce Stahmer, son of Mr. and Mrs. Fred Stahmer, 956 Spafford St. He maintained a "B" average for the semester.

## "Come On In, the Water's Fine" Say Antioch Girls at Artemis Pool

Qualifying for Senior Life Saving certificates at the Artemis pool in Round Lake are shown here, left to right, Maureen Smith, Cathy Arndt, and Carle Hansen of Antioch, with Cindy Tindall, Ingleside, Red Cross water safety instructor. The Antioch girls are now qualified to serve as life guards and instructors at the new Aqua Center at Williams park when it opens July 1. (Warren Polley Photo)

## New Grass Lake Board of Education

County Supt. W. C. Petty, Antioch, posed with new members of the Grass Lake School board at the organization meeting Monday. They are, left to right, seated, Petty, Mrs. Margaret Walsh, secretary; Wayne Barker, president; George Mazzuca; standing—Herbert Gentzen, Harry Jesse, Frank Benes, Jr., and Charles Paddock. (Warren Polley Photo)

## Wins Third at Grayslake Flower Show

A third place winner at the Grayslake Garden flower show was this entry of the Garden Section of the Antioch Woman's Club, "Our Heritage." The chair is an antique belonging to Mrs. Louis Biel, and the pedestal and milk white glass vase are the property of Mrs. Ed Dompke. The vase contained blue wild flowers and yellow roses. On the pedestal were a 100-year-old Bible and steel spectacles belonging to Mrs. Biel. The dolly on the pedestal is hand crocheted and was made by a friend of Mrs. Dompke's mother back in England nearly 100 years ago. The arrangement entered in the class "Our Churches" was made by Mrs. Ed Vos and Mrs. John Wagner.

## How Lucky You Are To Be Married

Do you think it wonderful to be free? To come home when you like; to eat when you please; to be free from nagging; to indulge yourself generally?

Well-known writer Paul Gallico, divorced three years ago, reports in the July Reader's Digest that this freedom "is the bunk . . . You don't know how lucky you are to be married."

The disadvantages of the unmarried, particularly in middle life, far outweigh the delights, Gallico states. "You learn for the first time how loud silence can be in an empty home. The loneliness and silences close in when the rattle of one's key in the door initiates no answering sound."

In this freedom no one really cares what happens to you—whether you are sick or well, happy or miserable, alive or dead. Friends do not close the gap once filled by wife or husband. For women, such freedom can be particularly harrowing. The divorcee who longed for release will find that the places she can enter alone are limited, and that she has become that drug on the social market, the extra woman, free not to be invited where once she was welcome.

Freely organizing his own life, with never a voice raised in protest, approval, warning or advice, Gallico has found such non-interference and non-sharing unbearable. "One of the great and little recognized joys of marriage," he notes, "is to have someone with whom to plan and anticipate."

Success can be empty when not applauded by the mate whose joy is equal to yours; in failure or or tragedy you need, above all, the comfort and sympathy of the only one who can truly share your loss.

Forfeiting this joy of sharing, the "free" forfeit the joy of living, the author concludes. "For how alive is anyone who exists without bestowing or receiving human love at some portion of each 24 hours?"

**Regal Worker Hospitalized**  
Truman Rogers, an employee of Regal China company, was rushed to Victory Memorial hospital this morning by members of the Antioch Rescue squad after he had collapsed at the plant. His ailment is diagnosed as a perforated stomach ulcer.

### Prospectors

The uranium search has attracted hundreds of lone-wolf prospectors, some amateur, some professional. However, modern prospecting for the most part requires a considerable bankroll, irrespective of whether Uncle Sam picks up part of the check. Best equipped to do this type of job of course are the mineral industries firms which long have maintained exploration and development programs.

### Old Type Planes

Army aviators now are flying four types of multi-place, fixed wing aircraft—two of which are being phased out of operation as rapidly as the other two, newer model planes can be procured. The planes being replaced are the L-17, which carries a pilot and three passengers or equivalent cargo, and the LC-120, an interim aircraft pending selection of a standard, multi-place machine.

### Absinthe

Absinthe is a green alcoholic liquor containing oils of wormwood and anise and other aromatics. Its continued use causes nervous de-angement.

### Creaming Butter

When creaming butter and sugar for a cake or cookie mixture, a teaspoon or so of hot milk added to these ingredients speeds the creaming process.

## Some Suggestions for Giving Lift to the Everyday Sandwich

A good cook gives as much thought to her sandwiches as to her very special dishes—especially in the spring and summer time when out-of-door living adds a zest to eating.

From Margaret Rudkin, director of Pepperidge Farm, comes some suggestions for adding something special to the everyday sandwich.

Mrs. Rudkin likes to use water-cress instead of lettuce in her sandwiches to give them that tang so welcome in the summer, especially with fresh fish sandwich mixes. Chopped mushrooms, or a little curry also go a long way to lift sandwiches above the ordinary, she points out.

When using meat she sometimes substitutes sour cream for mayonnaise; or with ground beef, she may use left-over meat sauce for a moistener. If she uses sliced meat, moisteners range from mayonnaise or salad dressing to horseradish or prepared mustard. With sliced lamb, she sometimes uses a thin

layer of mint jelly, or with chicken and turkey slices, cranberry jelly. Among Mrs. Rudkin's favorite summer sandwiches are the following:

**Egg and Mushroom Sandwich**  
Chop fine sauteed mushrooms. Work hard boiled eggs with fork and add chopped mushrooms. Moist-  
en with a little sweet cream and spread on buttered white bread.

**Chopped Ham Sandwich**  
1 cup of ground or chopped ham  
¼ cup blue cheese and cream  
cheese mixed with enough cream to  
bring to a spreading consistency.

Touch of garlic juice. Fork ham  
into cheese mixture, add garlic to

taste, and spread on buttered bread.

**Curried Egg Sandwich**  
Fry sliced onions in butter, add  
flour and milk to make a thick  
cream sauce. Add half a teaspoon  
of curry powder and several hard-  
boiled eggs, chopped. Let simmer  
a few minutes, then cool and spread  
on buttered white bread.

**Left-over Fresh Fish Sandwiches**  
Make sauce as above to moisten  
left-over fresh fish. Spread on  
white bread, buttered, and add  
watercress.

**Big Torque of the Best Sellers**

IT would stand to reason that automobiles selling in the same league, so to speak, would be pretty close in their engineering specifications.

Like in "torque multiplication"—the twisting force a transmission delivers to the drive shaft. (The greater the torque multiplication, the greater the performance).

But what do you find?

You find that any '56 Buick with advanced new Variable Pitch Dynaflo\* delivers a higher torque ratio than any standard-production car in America.

AIRCONDITIONING  
at a COOL NEW LOW PRICE  
It cools, filters, dehumidifies.  
Get 4-Season Comfort in your new Buick with genuine  
FRIGIDAIRE CONDITIONING

And you find that this high-torque performance is one reason for Buick's best-seller standing. For Buick is now more strongly positioned in the Top 3 of the nation's biggest-selling automobiles.

That's news—and there's plenty more where that came from. For the '56 Buick is jam-packed with new engineering and styling advances to make it the best Buick yet, by far.

That new Dynaflo, for example, brings you the world's only switch-pitch performance in cars—plus a new part-throttle getaway response that's swifter, surer, and a gas-saver to boot.

The new V8 engine is 322-cubic-inches

big, and packed with the highest horse-powers, the highest compressions in all Buick annals.

There's a joyous new ride, too—a new steering magic—a new "sense of direction" in your every handling maneuver.

Thing to do is come see for yourself. That way you can also look at the prices that have helped move Buick to a new sales success—outselling all other cars in America except two of the well-known smaller ones.

Will you do that, this week?

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## HEALTH TALK

## Hematuria

Hematuria means the discharge of blood in the urine. Often it is the only warning signal that something is awry in a person supposed to be in good health. Yet this one symptom frequently goes unheeded, resulting in damage to the urinary tract, often beyond the point of repair, the Educational Committee of the Illinois State Medical Society points out in Health Talk.

Hematuria is evidence of bleeding somewhere in the urinary tract. It may stem from disease in one or both kidneys, or it may arise from the ureters or tubes connecting the kidneys to the urinary bladder. Again, hematuria may come from the bladder, which is the reservoir of the urine. In the male, it may come from the prostate, while in the female, it may spring from the neck of the bladder. The bleeding may also occur in the urethra, or channel leading to the outside for elimination.

To help in his diagnosis, your physician must know the exact source or location of the bleeding. At times, hematuria will be so extensive that clots will form; at other times, there will be uniformly red or pinkish urine. In some instances, the bleeding will be so slight that red blood cells can be detected only under microscopic examination. Sometimes it will appear on completion of urination.

Unfortunately, hematuria is not always a persistent symptom. It may appear once and never again, or it may occur two or three times over a period of years. This is why a physician should be consulted immediately once the bleeding is noticed.

There are two types of hematuria: painless and painful. In painless hematuria, the physician suspects the possibility of some type of tumor of the urinary tract. While the tumor may be benign, there is also the possibility of it being malignant. If the original symptom is ignored, and because it may not recur for several months, the growth becomes larger and metastasizes or spreads into other areas of the body. When this happens, chances for repair are not as optimistic. However, as in other diseased conditions, early detection means early repair.

In painful hematuria, stones in the urinary tract may be responsible. This is true especially of the small stones which, as they pass

down the ureter, cause varying degrees of pain and bleeding from irritation of the delicate lining. The pain is usually so intense that the patient calls the physician immediately, which is not true of the painless hematuria.

Infections of the urinary tract occasionally cause bleeding. That is why early identification of the offending bacteria is essential. The kidneys are important organs. Normally you are born with two. If for any reason, it is necessary to remove one surgically, the remaining one performs the normal functions of secreting the urine.

Remember that hematuria is a positive symptom that some abnormality exists in the urinary tract. Don't let false modesty keep you from telling your physician. And don't wait for a reappearance of blood in your urine to see your doctor. It may or may not be serious.

## WHY FLY TO PIECES

We aren't referring to your temper. What we are talking about is the mysterious and little known substance that literally holds you together because it cements the cells of your body into their correct relationship.

It is well established that vitamin C and related substances have an important role in keeping this essential intercellular cement in the proper condition to do its job. Vitamin C is readily available from fruits and vegetables, especially citrus fruits, tomatoes, raw cabbage and greens.

Among the related substances are the bio-flavonoids which greatly increase the action of vitamin C and also have action of their own favorable to strengthening and normalizing weak capillaries. (It has been found that weakness of the capillary system is characteristic of quite a number of illnesses.) A great deal of medical literature has been coming out about bio-flavonoids and their uses in treatment of various types of disease. This substance, like vitamin C is found in citrus fruits if they are eaten in unprocessed form. Almost all of it is lost in processing because the bio-flavonoids are in the pulp and rag which is discarded in squeezing and straining fruit.

Give color to your favorite coleslaw by adding two tablespoons of shredded raw beets. Trim with thin strips of green pepper, suggests the June issue of Successful Farming Magazine.

Illinois experiments just completed show that pelleting alfalfa timothy hay tripled the rate of gain of wintering calves, as compared

to the same hay fed chopped and as long hay, according to a report in the June issue of Successful Farming magazine.

FORD sets 500-mile record  
at Indianapolis Speedway

Again proves nobody outperforms Ford

... dramatic demonstration of the kind of performance and roadability that makes all your driving more fun in a Ford!

A Ford V-8 hurtled across the brick and asphalt surface of tough and testing Indianapolis Speedway... whirling through the tight turns and flashing over the straight stretches... to set a mark that no stock car ever reached before!

Previous to Ford's record run, no other stock car had gone even one lap at Indianapolis at 100 m.p.h., but one of Ford's laps was timed at the electrifying speed of 113.7 m.p.h. And Ford averaged over 107 m.p.h. for the full five hundred miles... close to the average set by the extremely costly, specially-built racer which won the Memorial Day "500"!

Ford fully realizes that the welter of claims and counter claims about "racing victories" (many of them completely contradictory) must be confusing and disillusioning to the public. Ford ran this race against time, over the true "Classic" distance and at the most famous track in America, in order to dispel this cloud of doubt and disbelief and prove that no one outperforms Ford!

Peter de Paolo, leader of the team of drivers that piloted the winning Ford, states flatly: "No other stock car could have equalled this performance!" And Pete de Paolo should know, for he was

the first driver to win the "500" Classic with a better than 100 m.p.h. average. And now he comes back with a group of drivers to establish a stock car record with the great '56 Ford!

Ford wrote this new mark large and bold in the record books. And the whole Ford did the trick. From the hood-full of throbbing horsepower to the road-hugging rear end, Ford demonstrated that it has what it takes to make your driving more enjoyable. Convince yourself that driving a Ford can be real fun. Test drive a '56 Ford. There's a set of keys waiting for you, so come in and see us soon.

Ford's record was timed and certified by the United States Auto Club

## Runaway Boat Injures Two at Channel Lake

Two persons were injured Saturday when an unmanned speedboat crashed upon the beach on Channel lake after its driver had been tossed overboard.

Herbert Bartz, Chicago, told sheriff's police he was preparing to tow a water skier with his 14-foot boat powered by a 25-horse motor when he lost his balance and fell into the lake.

The boat raced wildly around and finally ran up on the beach smashing a 14-foot rowboat owned by A. W. Shunneson, resort proprietor, splitting the bow. From it the runaway boat struck Kenneth Weishaar, 2, Chicago, who was playing in the sand, and Mrs. Edward Barmen, 25, also of Chicago.

The woman and the little boy were brought to Antioch by the Antioch Rescue squad where a physician treated them for bruises on their legs and backs.

## Antioch Resident Sues For Injuries to Child

WOODSTOCK — Charles Schroeder of Antioch, has filed suit in McHenry County Circuit Court in behalf of his minor daughter against the Miller Amusement Enterprises of the Fox Lake picnic grounds seeking \$10,000 damages for injuries the girl received August 8, 1954.

The picnic grounds are operated by Louis and Clara Cernocky, who are named defendants with Miller.

The complaint claims that the girl, Evelyn, aged 11 at the time of the mishap, was astride a horse on a merry-go-round when the horse broke loose from its mooring and she was thrown to the ground.

The girl suffered some permanent injuries, the complaint said.

## Car Registration Has Big Increase in State; Approaches 3 Million

Springfield, Ill.—Motor vehicle registration for the first five months of this year was 1,752,987 greater than for the same period in 1955, Secretary of State Charles F. Carpenter said today.

The total registration at the end of May was 3,281,624, only 107,842 below the figure for the entire 12 months of last year, Mr. Carpenter said.

In only one category, buses, was there a decrease, dropping from 1,673 at the end of May last year to 1,658 so far this year, he said.

Comparative figures for the five-month period of each year follows:

	1955	1956
Passenger Cars	2,782,621	2,634,781
Trucks	393,987	377,945
Buses	1,658	1,673
Trailers and Semi-trailers	79,607	68,827
Motorcycles	16,052	15,859
Dealers	7,699	7,241
TOTALS	3,281,624	3,106,326

**Ground Hay Less Digestible**  
Grinding hay, not only doesn't help dairy rations, it may even lower the general feed quality.

Experiments at the University of Wisconsin show that hay was less digestible when ground. The cows in the tests, reports the June issue of Successful Farming magazine, digests more roughage when they got long or chapped hay.

A cow is able to digest roughages because she has a paunch or rumen. Coarse roughage stays in the rumen long enough for the rumen bacteria to digest it, but ground hay isn't digested this way and therefore doesn't make good use of the rumen, the magazine says.

Farmers who use molasses to make cows eat more hay will be further ahead by using it on long or chopped hay, advises the magazine.

**Should Women Propose?**  
"Of course women should propose. It is the woman to whom falls instant responsibility, all minor details, all the drudgery, and the woman who has to undertake such things should perforce be allowed to propose to the man for whom she feels she can do this."—Mrs. Alice Tweedle.

**Care of Shrubs**  
Receding snows often unmask the stripping of bark of shrubs, such as lilacs, at the snowline. The mechanical action of ice and snow grinds the bark and often girdles trunks and branches. Shrubs affected should be carefully pruned and fed in early spring to stimulate new growth.

**Business Behind Bars**  
In Salem, Ore., two trustees were back behind bars after Warden George Alexander checked their thriving outside egg-delivery business, discovered the eggs were stolen from the prison farm.

## Food Sense—Not Nonsense

Let's get the jump on the carried lunch. Packing it can be a bit of a game. Knowing the rules, sends us lying clear of the hurdles.

Hurdles to trip us in this morning dash to prepare the away-from-home meal are: Making it nutritionally sound and packing enough food to meet energy and nutritional needs. Wherever this lunch is eaten—school, office, or plant, it can be inviting, nutritious, and economical.

The good lunch supplies one-third of the day's food requirements of calories, protein, vitamins, minerals and energy. Such a simple lunch pattern is recommended by the National School Lunch Program. It includes two ounces protein-rich food; three-fourths cup vegetables or fruit, or both; one or more portions of enriched or whole grain bread, two teaspoons butter or margarine and one-half pint milk.

This pattern as seen in the packed lunch includes one or more protein-rich foods—meat, eggs, cheese or peanut butter which may be used as sandwich fillings. Sandwiches are two-fold sources of protein-rich foods—fillings and enriched bread. Four slices of enriched bread contribute approximately 12% of the daily protein needs as recommended for the average young man. Active adults and teenagers need two or three such sandwiches.

Fresh vegetables are carried as relishes or salads. Lettuce may be packed separately to be added to the sandwiches at lunch time.

Desserts give the satisfying, finishing touch to the packed lunch. Cake, cookies and pies, from bakery or food mart, do double duty, too. They add variety and help meet the high energy needs of growing children, teenagers and adults who are on-the-go.

Still another Jewel to serve you . . . .

# GRAND OPENING.. NEXT WEEK!

**THURSDAY, JUNE 28**  
**426 Lake St., Antioch**

## GRAND OPENING DAY GIFTS.

- FREE . . . Flowers for the ladies
- FREE . . . Balloons for the kiddies
- FREE . . . Coupons worth \$1.20

JUST ANOTHER WEEK and another sparkling Jewel Food Store opens for you! Yes, next Thursday, June 28, is the day so many of our Antioch friends have been waiting for.

And we're excited, too . . . because we just can't wait till you see this beautiful new Jewel—the "last word" in modern food shopping. Ollie Lundell, Grocery Manager and Joe Lutz, Market Manager . . . and all the folks who will be helping make your food shopping more pleasant are looking forward to meeting you next Thursday. Plan now to come to our Grand Opening, won't you?

Here are just a few of the wonderful reasons why you'll want to visit your new Antioch Jewel "first thing" next Thursday morning . . .

### • FREE HELICOPTER RIDE

Some lucky lady will win a chance to see Antioch from the air every hour starting at 10 a. m. on Grand Opening Day, Thursday, June 28.

### • SELF-SERVICE FRESH MEATS

Now another Jewel self-service meat market . . . gleaming meat cases just filled with delicious Jewel meats. And of course, your Jewel market man will still be there to help you get those special cuts.

### • GARDEN FRESH FRUITS AND VEGETABLES

Jewel fresh fruits and vegetables have an enviable reputation—they're as fresh at closing time as they are at 9 a. m. Delivered fresh daily, your new Jewel will use over two tons of ice each month plus modern refrigeration to keep produce the way you want it to be.

## Come To Our OPEN HOUSE PARTY

WEDNESDAY, JUNE 27 . . . 7 to 9 p. m.

We're having a party just for you the night before our store opens. Bring the family. Come on in and have a cup of coffee and look around this most modern food store in northern Illinois. We'll be looking for you.

## LOTS OF FREE PARKING

You'll be mighty pleased when you drive up on Grand Opening Day and see all the free parking space. Nothing's been missed to make your shopping more pleasant and more fun than ever before.

### • LARGE FROZEN FOOD DEPT.

You can plan on serving many, many meals from the large frozen food department in your new Jewel. This department, like all the others, has been specially planned to keep up with the needs of modern home-making.

### • TIME SAVING CHECK-OUT DESKS

They're the latest conveyor type . . . moving groceries along automatically, eliminating extra handling and saving lots of time. And for small purchases, you'll like the convenience of the "6 items or less" special check-out desk. Just the thing for "in-a-hurry" shoppers.

### • FREE CHECK CASHING SERVICE

When you visit us on Grand Opening Day just fill out a check cashing card. And then the very next time you have a payroll or personal check to cash . . . do it easily and conveniently in your new Jewel.

**Grand Opening... Thursday, June 28 - 9 a.m.**

## ILLINOIS TAX FACTS

The time is growing very short for the taxpayers to make themselves heard by Congress.

The Hoover Report Division of the Taxpayers' Federation of Illinois which has been working toward adoption of the recommendations of the Hoover Commission's Report to increase efficiency and eliminate waste in the Federal government, stated today that with Congress adjourning sometime around the 10th of July, it is necessary for all those taxpayers interested in the adoption of these recommendations to contact their Senators and Congressmen immediately.

There are sixteen Hoover Commission proposals which have been endorsed by President Eisenhower and which are embodied in bills now resting in various committees in Congress. Without a heavy outflow of public sentiment, much of this legislation will die on the shelves of these committees.

This month marks the first anniversary of the second Hoover Report. In June, 1955, the Commission presented the completed report to Congress. Since that time only about 20 per cent of the recommendations have been either enacted by law or adopted by administrative action.

In recent weeks some of the Congressmen from Illinois have made excellent contributions toward this program. The Hoover Report Division of the Taxpayers' Federation of Illinois has commended Representatives Leo Allen of Galena, Leslie Arends of Melvin, Marguerite Stitt Church of Evanston, and William E. McVey of Harvey.

In commenting on the progress

## Remember Way Back When.....

Are We Here Yet?  
Indeed We Are!

And We Promise You We Are Here to Stay!

But we cannot promise you \$2.00 worth of goods for \$1.00 in money. We will give you just as good goods as you can get anywhere for your dollar. And doing none by the latest methods. Call a few times or write. - J. H. Hughes & Co., Undertakers.

J. H. HUGHES & CO., Undertakers,  
ANTIOCH AND LAKE VILLA.

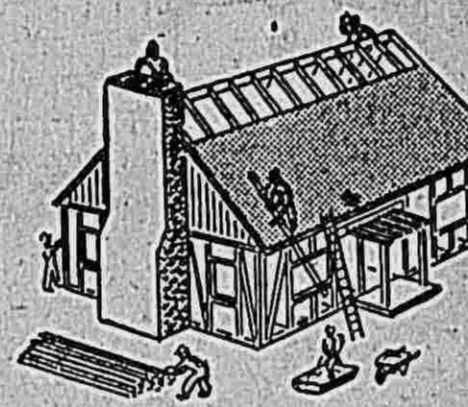

An undertaker before the turn of the century ran this advertisement in the Antioch News, talking in terms of prices.

to date, Maurice W. Scott, Executive Secretary of the Taxpayers' Federation of Illinois, stated that the "Hoover Report Division would continue to fight for more economical government and would not discontinue operation because of the adjournment of Congress." Scott urged all taxpayers to write to their elected representatives asking for more favorable action on the Hoover Recommendations prior to adjournment.

A record total of 398 horses will compete in the 1956 Illinois State Fair Colt stakes according to an announcement by Governor William G. Stratton. Of these, 214 are two-year-olds, 128 are three-year-olds, and 56 or four or more years old. The Colt stakes will be held Friday, August 10, opening day of the fair, and Monday, August 13. The

Friday card, for horses four years old or over, will have one race for trotters and one for pacers. Estimated purse for each race is \$12,500.

The two and three-year-old Colt stakes on Monday, Aug. 13, will comprise the fair's biggest single

### Salvation Army's Camp At Camp Lake to Start June 27 With Oldsters

Summer fun at Wonderland, The Salvation Army's camp six miles northwest of Antioch, will get off to a rollicking start on June 27 with the arrival of the season's first guests — 150 Golden Agers.

This marks the fifth year that a special camp session has been held for men and women of 60 years and older. Following the Golden Agers' 12-day vacation, Camp Wonderland will be host to 600 needy mothers and children of the Greater Chicago area — 200 at a time — for 10-day periods from July 10 through August 13.

Summer vacations in the country for needy mothers and children have been provided by the Salvation Army since its first "fresh air camp" was held at Glen Ellyn in 1904. The present 70-acre rolling woodland location, acquired in 1924, is on County Highway SA at the edge of the Wisconsin community of Camp Lake.

In another section of Wonderland — a wooded area known as Camp Shagbark — approximately 180 young musicians from the Army's Scandinavian and Metropolitan divisions will attend the United Music camp July 2-9. Boy Scouts and Girl Guards from the Scandinavian department will camp at Shagbark July 9-16.

The Central Music institute for 110 delegates from the Army's 11-state Central territory is scheduled for Shagbark Aug. 17-27.

Guests are chosen by the Salvation Army's Family Service department on the basis of need for a vacation, without distinction as to color or religion. Referrals are accepted from other Salvation Army departments and corps and from Chicago's other social agencies. Seventeen agencies will be represented during this summer's camping season. Before going to camp, each guest has a thorough physical examination.

Colonel John C. Marshall, welfare secretary, is director of Camp Wonderland and Brigadier Raymond Youngberg is assistant director.

#### Protect Layers From Heat

Care should be taken to protect laying hens from disastrous heat waves such as California had last summer when more than a quarter of a million layers died.

In that heat wave, hens in wire cages had a much higher mortality rate than the birds on litter floors, reports the June issue of Successful Farming magazine. Losses were low where adequate bird sprinkling equipment was used, or where the operators could keep the birds wet by hosing. Top-of-roof sprinkling proved of little value.

There were fewer deaths under aluminum roofing than under composition, and higher-than-usual roofing proved helpful in the California disaster. A big roof overhang helped keep losses down, too. Tree shade was of value, if the trees did not cut off the breezes. Large fans help keep the air moving and cut the mortality rate, according to the magazine.

#### SILAGE SEALED IN PLASTIC

Storage of silage may be revolutionized if experiments in making plastic silos prove practical. During the past four years, test trials in New Jersey have shown much promise.

Plastic silos appear to be useful for putting up small quantities of a very high quality silage for feeding in out-of-the-way places, according to an article in the June issue of Successful Farming magazine. Effective silos have been built with from one-half to 67-ton capacity.

The greatest benefit in using plastic materials is derived from their gas-tight characteristics. They are quick-sealing after filling, permitting the rapid establishment and maintenance of anaerobic conditions inside the bag. This prevents mold growth, limits respiration and temperature rise, holds dry matter loss to a minimum, and encourages the retention of carotene and protein.

In one New Jersey test, dry matter losses averaged less than five per cent, the article reports. These low losses may possibly be associated with the low temperatures maintained during preservation. Maximum temperature rise in any of the plastic silos amounted to only 18 degrees with the average rise only nine degrees. Temperature rises in ordinary silos sometimes reach 40 degrees, according to the magazine.

The plastic materials most successfully used to date have been polyvinyl chloride and polyethylene sheet materials. Several other materials, some of which are very strong and offer considerable promise, have been tested on a small scale. Most of the experimental materials are also being tried, the article says.

Before practical applications for the farm can be recommended, however, further studies must be made on many farms to evaluate such problems as durability of plastics, rotent damage, and the economic aspects.

Frost cupcakes easily by first brushing excess crumbs off the cooled cake. Then, dip the top into soft frosting and swirl the cupcake slightly, and quickly turn it right side up so the frosting will have a pretty peak.

### Bags Mother Fox and Three Pups on Farm Near Antioch

Richard Wells, who resides with his parents, the Curtis E. Wells on Savage road southeast of Antioch, and his daughter, Elaine, are shown with a mother fox and three pups he killed recently just before warm weather set in. Wells was shooting starlings with a rifle on the lawn of his farm home when he spied

the mother fox trailed by five pups crossing a field, with their heads and tails waving above the grass. With a single shot he had left in his rifle he killed the mother. Then he ran to the house and got a shot gun, with which he killed three of the five pups as they ran in confusion. Two got away.

### The Cards Say... June's Got It!

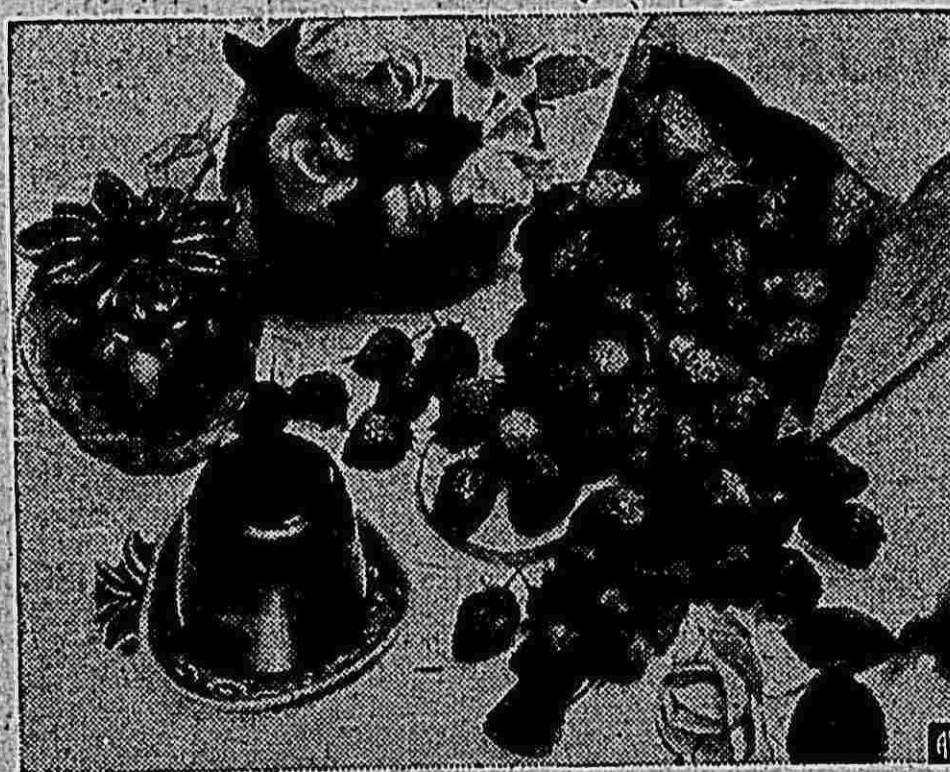

June has an abundance of everything—roses, brides, fair weather and more milk production per cow than any other month! June offers lots of excuses for parties, too. For instance, graduations, since most families have someone graduating from something. So, here's a suggestion for refreshments that'll delight graduates of all ages: a spread of pretty cream cheese sandwiches and a tall pitcher of richly delicious milk shake, made with milk and the convenient new milk-shake mix.

#### Chocolate Milk Shake

2 cups cold milk  
2 ice cubes (optional)  
2 tablespoons sugar  
1 package Chocolate Kool Shake

Pour milk into a shaker or quart jar. (If milk is not cold, add ice cubes.) Add sugar, then milk-shake mix. Shake vigorously for 15 to 20 seconds. Serve at once. Makes 2 tall glasses.

### Royal Strawberries For The Family King

Did you know that the strawberry is a member of the rose family? So it is and it got its name from the ancient practice of placing straw beneath and around the berries to keep them in perfect condition as they grew and ripened for a king's or emperor's enjoyment.

Still befitting a royal feast, springtime strawberries are found on practically every American table. There's something about this luscious crimson berry that puts us all in the mood for making a variety of tempting dishes. One of the most effective uses we can make of the strawberry is to treasure its goodness in a sweet spread to be enjoyed every month of the year.

If you and your family would relish a royal feast now and long after the strawberry season is past, try this short-bolt recipe for Strawberry Jelly. It makes eleven medium glasses of sparkling jewel-toned jelly—each fit for the king or queen of your house!

#### Strawberry Jelly

Yield: about 11 medium glasses (5½ lbs. jelly)

3½ cups juice (about 2½ qts.) ripe strawberries  
¾ cup lemon juice (2 lemons)  
7½ cups (3¼ lbs.) sugar  
1 bottle liquid fruit pectin

First, prepare the juice. Crush thoroughly about 2½ quarts fully ripe strawberries. Place in jelly cloth or bag and squeeze out juice. Measure 3½ cups juice into a very large saucepan. Squeeze and strain the juice from 2 medium-sized lemons. Measure ¾ cup into saucepan with strawberry juice.

Then make the jelly. Add sugar to juice in saucepan and mix well. Place over high heat and bring to a boil, stirring constantly. At once stir in liquid fruit pectin. Then bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat, skim off foam with metal spoon, and pour quickly into glasses. Cover jelly at once with ¼ inch hot paraffin.

### State Capitol News

"The people of Illinois are proud of the tremendous growth in the size of Southern Illinois University," Governor William G. Stratton declared as he helped dedicate the school's new agricultural building at Carbondale Sunday, June 17.

"The university now ranks as one of the best in the nation," the governor said. He predicted that SIU will have an enrollment of 10,000 or more students within a few years.

This season's Illinois winter wheat crop is now forecast as approximately 45,704,000 bushels by the state and federal departments of agriculture. This is 4,704,000 bushels higher than the estimate made a year ago. Last year's wheat crop totaled 51,220,000 bushels; the ten

year average for Illinois is 36,176,000.

Illinois corn is reported to average nine inches in height, and is growing rapidly. The weekly crop bulletin of the agricultural department points out that the normally hottest portion of summer lies a month ahead, and that the corn and soybean crops will be drawing heavily on soil moisture reserves. A seasonal downturn in average rainfall in central and northern Illinois begins about June 20.

The shipping mines of Illinois produced 3,687,912 tons of coal during May, highest tonnage for that month since 1951, according to the State Department of Mines and Minerals.

The May output came from 57 strip mines which employed 3,089 men and turned out 1,532,073 tons, and from 59 shaft mines that worked 8,316 men and hoisted 2,155,839 tons.

### Hickory Corners

Mrs. Wm. Thompson, Correspondent  
Tel. 583W2

It and Mrs. Russell Hunter and children, and Mr. and Mrs. James Beggs from Great Lakes, and Mr. and Mrs. Wilbur Hunter were Wednesday dinner guests at the H. A. Tillotson home.

James King of Cumberland, Minn., was a week-end guest at the Emmet King home. On Sunday Mr. and Mrs. Emmet King and Mr. James King drove to Rockford and visited Mr. and Mrs. Burt King.

Mrs. Sarah Finkel of Chicago visited the Dettmering, Sr., family at East Troy, Wis., on Sunday afternoon.

Lucille Wells and Barbara Doolittle returned home Friday from a week's vacation at Bimidi, Minn. They flew home on a transport plane from Minnesota to Chicago. While away, they visited an Indian reservation at Ontario, Canada.

Mr. and Mrs. Harold Butler and children of Waukegan and Mr. and Mrs. Warren Wells and son of Gurnee were Sunday supper guests at the Curtis Wells home. Other callers were Raymond Wells of Waukegan, Spencer Wells of Trevor, and Mr. and Mrs. Andrew Magiera and Mrs. Rod Ames.

Little Janice Gerber spent Saturday at the M. E. Van Patten home while her parents, Mr. and Mrs. Bill Gerber, and Jimmie and Carol Sue attended a church wedding of their niece at Jefferson, Wis.

The Russell Hunter family of Great Lakes and Mr. and Mrs. James Beggs of Corona, Calif., were Sunday afternoon callers at the Will Thompson home. Bill Gerber and other relatives. Mr. and Mrs. Beggs left on Tuesday for their home in California after a six weeks visit with the Hunter family.

Antique, sport and classic cars will parade before the grandstand Saturday, August 18, at the 1956 Illinois State Fair.

### This WEEK'S U of I MARKET BUY

Warm weather demand rather than supplies points up market changes which are best expressed in the following table comparing standard cost-per-serving this week with last week. (Costs based on consensus retail prices in Chicago area.)

Item	Cost per serving	last wk.	this wk.
Beef pot roast-blade cut...	18c	16c	
Round Steak.....	17c	20c	
Stir-fry steak.....	36c	39c	
Hamburger.....	10-12c	12c	
Ham-whole.....	16c	17c	
Fryers.....	26c	30c	
Pork loin.....	17c	14c	
Leg of Lamb.....	24c	23c	
Frankfurters.....	12c	13c	

#### FRESH PRODUCE

Salad vegetables generally higher, as are potatoes (major ingredient in potato salad). Cooking vegetables (beans, cauliflower, carrots, broccoli) lower, on slow demand. Based on market survey for June 18-23.

### Salem

Mrs. Byron Patrick, Correspondent  
Tel. Bristol 110-F22

Mr. and Mrs. Lester Dix and daughter, Judith, left Thursday for a motor trip to California where they will visit relatives.

Mr. and Mrs. Robert Imrie arrived home Tuesday after spending several days with Mr. and Mrs. Orville Riggs at Stone Lake.

Mrs. Byron Patrick called on Mrs. Ralph Konepaski Tuesday afternoon.

Mrs. Harry Mesmer, Sr., is a patient at St. Theresa hospital in Waukegan where she underwent surgery.

Mrs. Minor Hartnell and Mrs. Richard Hartnell and children spent Wednesday afternoon in Kenosha.

Mr. and Mrs. Milford Bloss and children, Mrs. Charlotte Bloss, Mrs. Nellie Head and Mrs. Bessie Elker-

ton spent Sunday with Mr. and Mrs. Lawrence Fleming in Chicago.

Mr. and Mrs. Albert Dunlap and daughter, Sylvia of Elkhorn spent Sunday with Mr. and Mrs. Robert Patrick.

Mrs. Byron Patrick and grandson, Gary Patrick, accompanied Mrs. Stanley Stoxen and Laurel Kaskin of Bassett to Winthrop, Iowa, for several days last week. They also called on relatives at Cedar Rapids.

**INSURANCE COMPANY RECOMMENDS SALADS**

The medical staff of the country's biggest insurance company says: "It takes more than being a good cook to see that each member of the family gets all the food elements required each day."

This giant company, which is interested in improving the health of its policy holders and helping them to live longer, suggests eating salads. It adds: "Eat some raw."

It's easy to make an unlimited number of combinations of raw and cooked vegetables and fruits in salads to please appetites as well as satisfy the need for such nutrients as vitamin C, vitamin A, folic acid, iron and a long list of other vitamins and minerals. There are more than 100 wifertier fruits and vegetables (285 varieties) on the market during the year and almost all are suitable for salad. One need never run out of ideas for a plain or fancy combination, with interesting color, texture, taste, form and large nutritional value.

**REMARKABLE GROUP OF FOODS**

Protective elements in food that guard against the deficiency group of diseases, are found to an important degree in fruits and vegetables, fresh and processed. (Two-thirds are now sold fresh, one third processed). These foods supplied about 90 per cent of our vitamin C in 1955, 90 per cent of our vitamin A, 45.5 per cent of the folic acid (one of the B vitamins); 21 per cent of the iron. 11.8 per cent of the calcium; 8 per cent of the protein; 17 per cent of the niacin (a B vitamin); 19.3 per cent of the thiamine (a B vitamin); and various trace minerals essential to life.

**What's the Difference?**

"Nutritionally, the difference between good diets and usual diets lies chiefly in the larger quantities of protective foods (fruits, vegetables, milk and its products, and eggs) in the good diets," says Dr. Hazel K. Stiebeling, director, Bureau of Human Nutrition and Home Economics Research, U. S. Department of Agriculture.

The W. L. S. National Barn Dance will be presented Saturday, August 11, at the 1956 Illinois State Fair.

**Important to the Unborn**

During pregnancy, women who eat a truly adequate diet feel much better than they would otherwise. This is borne out by numerous medical studies. In one of these 100 cases were reported in which the women gave special care to their diet under medical direction. These women reported that their energy and sense of well being were noticeably increased and better than during former pregnancies.

A minimum of one quart of milk per day was prescribed, adequate protein was insisted upon and fresh fruits and vegetables emphasized. Supplementary iron and therapeutic doses of multiple vitamins were included as a matter of routine.

Other studies have shown a relationship between diet during pregnancy and the condition of the infant at birth.

One study of 2048 pregnancies showed that there was an increase in occurrence of pregnancy diseases when dietary intakes fell significantly below the group average.

Some of the studies show that lack of knowledge, not lack of money, is the reason for inadequate diet during pregnancy.

Stitch a circle on your pastry cloth one-half inch larger than the piepan. This will help you roll the pie crust the right size every time.

Dairymen can save themselves some mastitis trouble by storing milk in inflations in a weak lye solution.

**Citrus Cools Political Tempers**

With the shouting and the tumult of the political conventions coming up, you'll want plenty of refreshment to soothe television and radio audiences' tempers. Canned Florida grapefruit juice is a favorite easy-to-serve thirst-quencher and is good to have on hand for making refreshing ices and punches. Iced tea is a bracing drink and remember all coolers will look and taste better if you serve them with ice cubes made from fruit juices.

Lime cubes are easy to make; simply combine juice of two Florida persian limes with 3 cups of water, or use the limeade concentrate reconstituted. Pour into refrigerator ice cube tray and freeze. For other flavor combinations, freeze juice of No. 2 cans of Florida grapefruit juice, or blended orange and grapefruit juice. Pour beverage over regular ice cubes to chill and then add 2 citrus cubes of desired flavor to each glass.

**Convention Cooler**

1 46-ounce can Florida grapefruit juice 1 pint ginger ale  
2 No. 2 cans Florida tangerine juice

Chill all ingredients thoroughly. Combine citrus juices with ginger ale in big pitcher. Serve with lime ice cubes. Yield: 12 tall glasses.

**DRIVE SAFELY ON BACK ROADS**

No doubt you'll be spending some time this year driving over narrow, curving back roads that lead to week-end or vacation spots. If you're not familiar with these secondary roads, keep your speed well down. By not driving faster than safe conditions permit, you can avoid running your car off the road, skidding into a ditch, possibly sideswiping an oncoming car. Fast driving and safe, pleasant motoring don't go together.

## Deep Lake

Mrs. Millie Luehr, Correspondent  
Eliot 6-4946

Mr. and Mrs. Harry Claussen are spending the rest of the summer in Deep Lake.

Mr. and Mrs. Robert Eckhart of Astoria, Long Island, N. Y., were overnight guests of Mr. and Mrs. Verne Olsen. They were on their way to Yellowstone Park and San Francisco.

Leona Maley is spending a week in Chicago visiting her son and family and several of her friends.

Harold Severson and family were Sunday dinner guests of Mr. and Mrs. Frank Luehr. An evening caller was Carl Larson of Crooked Lake.

Mr. and Mrs. Frank Luehr will celebrate their 33rd wedding anniversary Sunday, June 24.

On Monday, June 25, the Deep Lake Association will spray its shore line for getting rid of the weeds.

Tuesday, June 26th, Mr. and Mrs. Art Stetten will celebrate their wedding anniversary.

Edna Stevens entertained a couple of her friends Monday.

Bonnie Raven of Elmhurst and Dorothy Mulvaney were Sunday guests of Mr. and Mrs. Harry Voss.

Dr. J. D. Swain and wife were week end guests of Mr. and Mrs. Joe Galiske.

## Through the Oven Door

by your

Ceresota

REPORTER

Did you know that a useful kitchen stool can be made from an old cast-off high chair? Just remove the arms and tray holder. Then paint to match your kitchen color scheme.

Do you use a glass to flatten dough for drop cookies? Try dipping bottom of glass in granulated sugar first. This prevents glass from sticking to dough and leaves the sugar sparkling on the cookies.

An old farmer of many years ago wrote his son in the city: "The wheat I raise and harvest with my own hands and watch ground into flour at our little local mill makes the world's sweetest bread. Or, maybe what I taste is just the personal satisfaction of eating the fruits of my own doing."

There's a lot to be said for that feeling of satisfaction that comes from your own doing. It's an experience known to every home baker who makes her own mix and kneads her own dough.

But there's still another reason that the old farmer's bread tasted better. The flour turned out by his little local mill was UNBLEACHED. Except that it was crudely milled, it was similar to the Ceresota flour you buy today. It, too, is UNBLEACHED. Ceresota is NATURALLY white.

And speaking of bread, have you baked any lately? Here's a recipe that hundreds of women praise to the skies. Makes just one loaf.

But what a big, beautiful loaf it turns out to be!

**Ingredients**  
• 3½-4 cups unbleached Ceresota flour  
• 1 packet active dry yeast  
• ½ cup warm water  
• ½ cup milk, scalded  
• 2 tablespoons sugar  
• 2 teaspoons salt  
• 1½ tablespoons shortening.  
Pour yeast and water into mixing bowl. Scald milk in metal mixing cup and add sugar, salt and shortening. Cool by setting in cold water and add to yeast.  
Add unbleached Ceresota flour gradually until fairly stiff. Mix with hands until well blended; rub top with shortening, butter or margarine. Let rise in warm place until about double in bulk. Pound down gently with hands or flat, then form into loaf and place in baking pan well greased. Rub again with shortening and let rise until well over top of pan. Bake in oven 400 to 425 degrees F., about 30 to 40 minutes. Loaf will sound hollow on top when done.

Almost everybody likes wieners. And here's a way to make this economical favorite even more appealing. More nutritious, too.

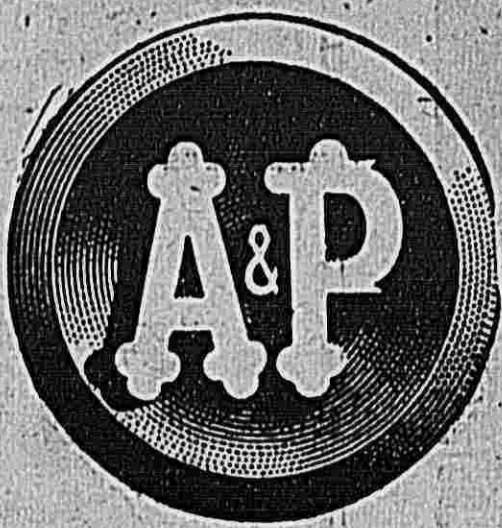

**Wiener Wrap-Arounds**  
For the pastry, use 2 cups sifted unbleached Ceresota flour, 1 tsp. salt, 4 tsp. single (or 3 double) action baking powder, ½ cup shortening, ½ cup milk. For the filling, you need 3 wieners, prepared mustard. Can also use pickle relish, if desired.  
Sift flour, salt, baking powder into bowl. Cut in shortening to consistency of coarse meal. Add milk. Stir until just blended. Knead slightly on floured board. Roll dough out ¼ inch thick. Cut in 8 squares. Spread with mustard, pickle relish. Place wiener on each. Roll up. Pinch dough together. Bake at 425 degrees F. for 15-20 minutes until browned.
